

**HIGHLIGHTS FROM OUR 42nd SEASON**

**A UNIQUE EXPERIENCE**

The Albright Theatre Company is excited to embark upon its 43rd season with an eclectic array of plays sure to entice audience members. At first glance, our upcoming productions may seem to have little in common with each other, but a closer inspection reveals a common thread – the intricacies of relationships. Each play encourages the audience to think in terms of what we value in the relationships we have with our family and friends; qualities such as trust, loyalty, empathy and forgiveness. Each show begs us to answer, “Why do any of us do what we do?” The Albright Theatre is proud to continue its history of performing shows submitted and voted upon by its members. Some of the shows performed on our stage may not always be well-known, but this is part of what makes an Albright Theatre experience, unique. Theatre has always been a place where a diverse group of people- from performers, technicians, directors, to audience members, engage in a special relationship as a story unfolds. Together, we watch as characters experience situations which pique our curiosity and encourage us to question, “What would I do if that were me?” We truly believe you will enjoy our upcoming season.

~ See you at the theatre!
